

MEDZES Components

Components of metal

MEDZES Components

Quality delivered in time!

The origins of the company dates back to Denmark in 1996. However in 2002 - two brothers, together with the local Danish company decided that Latvia would be a perfect place for metal component production company, and they founded MEDZES Components in Liepaja.

Since establishment MEDZES Components, owners has been investing in company's development, starting with a small workshop turning into a competitive, modern and quality factory, with more than 10'000 sq.m. space and more than 200 employees. MEDZES Components qualified employees ensure the company's operations from the new product development and testing till final delivery to the client.

The product range goes from small items up to large scale products, either galvanized, painted, chromed or in raw finish.

Company also are producing metal parts for:

- Furniture;
- Shop and storage industry;
- Heat and electricity industry;
- Construction industry;
- Health care products.

Today the company also provides part of the planned deliveries by its own fleet, which guarantees timely and reliable delivery to clients.

Over the last years the turnover has been growing strongly. The main markets are all over the Europe. The company exports around 93% of its production.

MEDZES Components is a member of German-Baltic Chamber of Commerce.

Welcome to MEDZES Components!

table assembling

Our unique patented
ASSEMBLING system helps
to save time and money.

MEDZES Components develops and produces height adjustable
desks and other height adjustable applications.

Our desks give the best possibilities for ergonomic and correct work position.

We offer unique solutions to our clients.

Quick assembling and stable construction.

High quality materials and components are used in the desks.

All processes are strongly controlled.

Wide range of products (2-column desks, 3-column desks, 4-column desks, bench desks and more).

All what you need is just a table top.

Short delivery time.

MEDZES Components

Actuator brand: SLIMDRIVE 660S

Max speed: 38 mm/sec

Max load: 80kg/per leg

Stroke length: 650mm

Table range: 625-1275mm

Noise level: ≤ 46 dB

Power: Input: 220-230V AC,
50-60Hz, 216W; Output: 24V
DC 2,5A; Standby: 0.3W

Leg type: 3-stroke

Spec. feature: Synchronized
movement; Anti-collision
protection; Soft Start

Actuator brand: SLIMDRIVE 500

Max speed: 38 mm/sec

Max load: 75kg/per leg

Stroke length: 500mm

Table range standard legs: 696-1196mm
Table range reverse legs: 663-1163mm

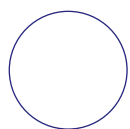

Noise level: ≤ 46 dB

Power: Input: 220-230V AC,
50-60Hz, 216W; Output: 24V
DC 2,5A; Standby: 0.3W

Leg type: 2-stroke

Spec. feature: Anti-collision
protection; Soft Start
